

Staff Remote Desktop

IN TEST USE, FUNCTIONING OF APPS AND FEATURES NOT GUARANTEED.

Staff-W10 is a staff remote desktop in staff use only.

The remote desktop is currently in test use. It does not have all programs and settings installed yet. It has also some shortcomings in terms of capacity and features.

Staff remote desktop basic information

Operating system: Windows 10 Enterprise 64bit

Can be accessed both via the internal (desktop.metropolia.fi) and the external (securedesktop.metropolia.fi) connection servers using VMware Horizon View Client, or a web browser at <https://securedesktop.metropolia.fi>. (Select HTML Access)
