

Intensive: 10 Days 100 Challenges (5 or 10 ECTS)

In preparation

10 Days 100 Challenges

31.5. – 11.6.2021

10 Days 100 Challenges is a unique open innovation program where you learn new work-life skills and solve challenges together with leading innovative companies, professional experts and inspiring coaches. The program is open for everyone who wants to learn about innovation and service design, engage with real-life challenges and to connect with talented individuals and build professional networks. This is an open innovation program for students, graduated, unemployed, company employees and startup teams.

There are two options to accomplish 10 Days 100 Challenges program:

5 ECTS: Pre-assignment, active attendance and contribution during the 10 day program

10 ECST: Pre-assignment, active attendance and contribution during the 10 day program and learning portfolio

Registration

Registration 19.4.-3.5.2021 [Application form](#)

This year, 10 Days 100 Challenges is entirely a web-based realisation. Further information, and a detailed program and schedule will be released later.
